HERE COMES SUMMER 2015!

EDITOR'S *note*

MOVIE MONTH

This month, we once again present our annual Movie Month in ***PREVIEWS***, celebrating the summer blockbuster movies we all love! And there's no bigger film on my list right now than **Avengers: Age of Ultron**, opening on May 1st! This is the first big genre blockbuster of the year, and it looks like and incredible follow-up to Joss Whedon's first *Avengers* outing. We're still in mid-April as I write this, and the anticipation around the office and amongst my friends has been building as the trailers have rolled, and we've seen the great merchandise coming soon to a comic shop near you. *Age of Ultron* has conquered our collective imaginations!

Sure, there are other great movies coming throughout the summer and into the fall, and we have these great summer films to look forward to:

- **Mad Max: Fury Road** (May 15)
- **Jurassic World** (June 12)
- **Disney/Pixar's Inside Out** (June 19)
- **Terminator: Genisys** (July 1)
- **Ant-Man** (July 17)
- **Fantastic Four** (August 7)

Yep. It's gonna be a BUSY summer for us film fans!

Also in this issue, we've got exclusive *Movie Month* interviews with *Kick-Ass* and *Kingsman: The Secret Service* creator Mark Millar, and Dustin Nguyen, co-creator of the recently optioned *Descender* (written by Jeff Lemire). Both offer their views on taking their creations from comics to the screen and their experiences in the process. You can find both on the *FlipSide* of this issue!

So, as we enter the doorway to summer month of May, make sure you take time to go tot the movies, visit your local comics shop (often!), and keep ***PREVIEWS*** handy!

We've broken down the product listings to easy-to-understand sections: Comics & Graphic Novels; Books; Magazines; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1. **Use the Short Order Form.**
   Fill in with the items you'd like to order from this issue.

This month's featured creator is…

MATT WAGNER

ZORRO
GREEN HORNET
Shadow

Please tell us a bit about yourself!
My career began in the early '80s as part of the first wave of comic-book creators who were finally able to own and control their artistic efforts, free of corporate hegemony. My very first efforts were independently published titles that have since gone on to be considered something of a hallmark in that spectrum of our field — *Mage* (*Vol. 1*: AUG100441)and *Grendel* (*Omnibus 1*: FEB120053). As the years have progressed, I've also enjoyed the opportunity to put my spin on a variety of licensed characters, many of whom were some of my personal favorites as a young comics reader. Some of my more recent efforts in that regard include some high-profile projects for DC Comics; the prestige-format series, *Trinity* (APR050327), as well as two successive mini-series featuring the Caped Crusader, *Batman and The Monster Men* (JUN060153) and *Batman and The Mad Monk* (JAN070265), all of which I both wrote and drew. I've also written quite a few adventures of some classic characters for Dynamite Entertainment including *Zorro* (*Year One Vol. 1*: SEP083918), *The Green Hornet* (*Year One Omnibus*: JUN131006), and a personal favorite, *The Shadow*. I've really led a rather charmed life in comics, being able to pick and choose whatever projects I like while straddling the line between mainstream exposure and my own indie narratives.

What are your favorite projects you've contributed to over the past decade?
I'm usually pretty enthusiastic about whatever project I choose to take on so I'll just point to my last three efforts in response to this. As I mentioned above, I've been a big fan of *The Shadow* since my early teen years and so it was a particular thrill to be able to help redefine his origins in a ten-issue (recently collected) series for Dynamite, *The Shadow: Year One Omnibus* (MAY148009). That was followed by an even greater dream project when I had the chance to pit the Master of Darkness against my own character in the three-issue, prestige-format series, *Grendel vs. The Shadow* (JAN150130), which I both wrote and drew. The hardcover collection of that series arrives in stores the third week of May. And I'm most currently in the midst of yet another cross-over series, writing the *Django/Zorro* series in collaboration with famed filmmaker Quentin Tarantino, the first official continuation of any of his movies. Like I said… it's a charmed life and I'm livin' it!

What are you currently working on?
Once again, I'm lucky enough to have the chance to contribute to the legacy of an iconic character that had such a strong influence on me as a young reader — Will Eisner's *The Spirit*. I first discovered *The Spirit* in the black-and-white, magazine-sized reprints from Warren Publications in the mid-'70s… and was blown away by the artistry of a master storyteller, the likes of which I'd never seen in the comics of that time. I can honestly say that seeing and experiencing *The Spirit* in my youth ultimately led to my career as a comics author. It's such an immense thrill and a professional honor to be able to participate in this fashion for the milestone 75th anniversary of such an influential and iconic character!

What fun titles are you reading?
Saga (*Vol. 1*: AUG120491)—Like a lot readers, I'm addicted to this ongoing series from creators Brian K. Vaughn and Fiona Staples. *Saga* exemplifies all the classic aspects of the most classic comic books — incredibly inventive action and settings combined with a compelling soap-opera narrative that leaves the reader on the edge of their seats at the end of each chapter. But despite all the galactic oddities, thrilling adventures and witty dialogue, what makes *Saga* so enduring is the heart of the story's core — a young family trying to survive the obstacles that are so familiar to any of us; day care, in-laws, unemployment, substance abuse, societal acceptance… and maintaining love throughout it all.

Lady Killer (*Issue #1*: DEC148311)—A more recent ongoing series from my dear friends, artist Joelle Jones and writer Jamie S. Rich… I've actually seen the entire progression of this narrative — from a few drawings and ideas by Joelle through to the story structure and final dialogue provided by her longtime collaborator, Jamie — and it's been a real joy to see it all come together in such wonderful fruition! A wry, witty and bloody feminist take on the familiar hired assassin tropes, *Lady Killer* is a thrill-ride all decked out in the most fashionable accessories and snappy artistic design. I'm dying to see where these able creators take this tale of a government contract killer masquerading as a suburban mom. Or… is it the other way around?

Shackleton: Antarctic Odyssey GN (APR141230)—I really enjoyed this OGN, published last year by writer/artist Nick Bertozzi. This historic tale of an ill-fated expedition to the South Pole is a thoroughly engrossing look at how human beings fare and survive in the most harrowing natural conditions on Earth. The reader is never quite sure of what unexpected turns this narrative will take and how, or *if*, our band of adventurers will endure. The story portrays how grit, determination and a surprising degree of camaraderie all contribute to mankind forging ever outward in their quest to know and understand the world around them.

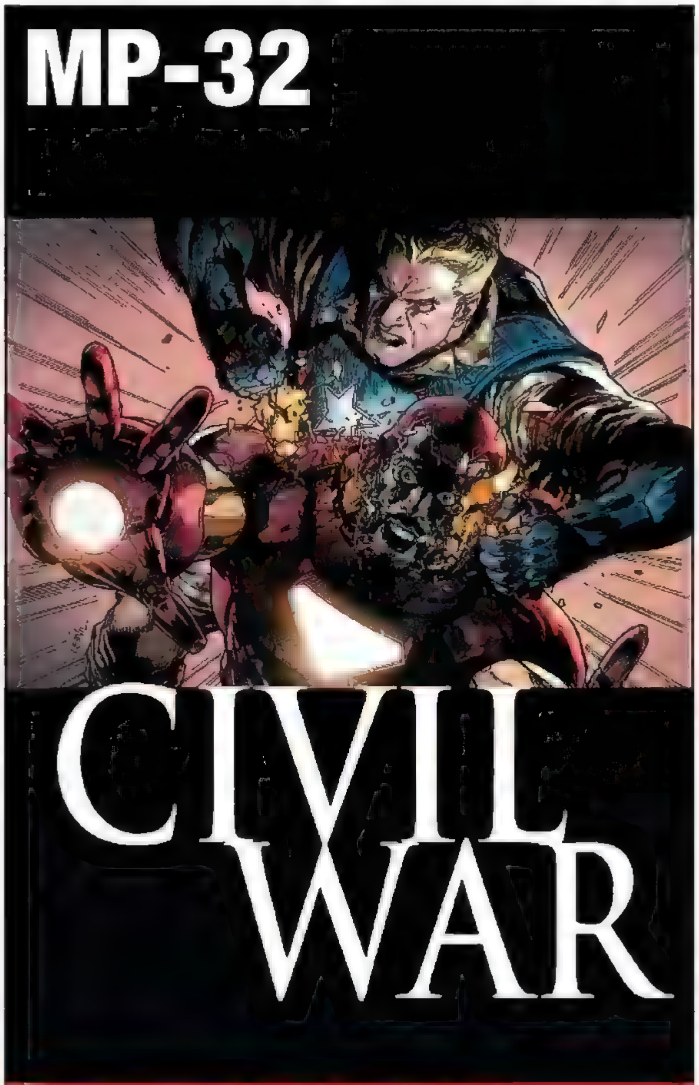
IN SECRET WARS, MARVEL'S *CIVIL WAR* NEVER ENDED



MARVEL PREVIEWS, $4.99, 40 PAGES, PAGE 32

What if the Civil War never ended? What if the split in the super-hero community wrought by the Superhero Registration Act was never healed? What if, years after its passage, the pro-government forces of Iron Man and the anti-registration forces of Captain America still engaged in battle with one another? This summer, Marvel Comics revisits one of the biggest stories of the last decade as part of Secret Wars in Charles Soule and Leinil Francis Yu's *Civil War!*

The Civil War over the Superhero Registration act has transformed the Warzone into a land of war without end. A country, once unified, has been torn in two. President Tony Stark commands the Iron forces, while General Steve Rogers leads the Blue. After six years of ceaseless battle with countless casualties on both sides, can these two men, once the closest of friends, now the bitterest of enemies, find common ground and bring an end to their war? Can the Warzone find, at long last, peace? Or will the Warzone be doomed to unending conflict?

Charles Soule, the writer of the best-selling *Death of Wolverine*, teams with *Secret Invasion*'s Leinil Francis Yu for this essential chapter of the *Secret Wars* saga that returns readers to the world of *Civil War*, a defining chapter in the history of the modern Marvel Universe. Readers will see the world that would have resulted had the opposing factions not forged a peace, and they will once more choose a side in the battle between freedom and authority.

Who will you stand with this July, with Steve Rogers or Tony Stark? The choice awaits when Charles Soule and Leinil Francis Yu take you to the Warzone this summer in *Civil War* #1!

Twenty years ago Dark Horse Comics launched a new super-hero line, Comics Greatest World, and over the past five years they have reintroduced today's audiences to some of the characters from CGW, including Ghost and X. The newest CGW character to make a return is Barbara Kopetski, better known as "Barb Wire," a bounty hunter in the bombed-up urban wreck that is Steel Harbor, in Chris Warner and Patrick Olliffe's *Barb Wire!*

Barb Wire takes on the bounties that no one else will touch. The streets of Steel Harbor are dangerous enough with the incessant gang warfare, but this decaying urban wasteland also boasts super-powered gangsters who will defend their turf. The money is good, but the risks are high, and Barb Wire is willing to take on the challenge!

A century in the future, Canada comes under attack by the giant robots from the United States, and a group of Canadians must become freedom fighters to defend their country in the new Image Comics mini-series *We Stand on Guard* from *Saga*'s Brian K. Vaughan and *The Matrix* storyboard artist Steve Skroce!

An action-packed, military thriller, *We Stand on Guard* takes readers into a ground-level view of war — how war affects people, how it changes their views on what's important, how people decide how to react, why people take up arms (or not). Set in the 22nd-century, Vaughan's story features a group of characters who have to band together to save their homeland from a violent American invasion, and Skroce's detailed and imaginative artwork draws readers into this world at war.

We Stand on Guard is another triumph from Brian K. Vaughan, and readers will find a powerful tale of personal sacrifices and triumphs in this story of future war!

> "A long time ago, I wrote the first part of a story, and waited to find out how it middled, then worked with Jamie Delano and Alisa Kwitney on the end. For years people have asked how and when they could read all the story of The Children's Crusade. I'm glad to say that it's now been retooled and refinished, and is something both old and new – a forgotten jewel and a new delight."—Neil Gaiman

For the first time ever, the two-issue miniseries THE CHILDREN'S CRUSADE, written by Neil Gaiman, Alisa Kwitney and Jamie Delano, is collected – and with them, a new chapter written by Toby Litt that completes the tale as Gaiman originally envisioned it.

When several children go missing in a small English town, the Dead Boy Detectives are on the case. A series of strange and unexpected twists takes them to Free Country, a place that dates back a millennium, where children never grow old and are free from the abuse and tyranny of adults. But Free Country is failing, and what it needs is the strength of five innately powerful children – including the young sorcerer Timothy Hunter – to restore their uncanny world to what it once was.

This hardcover collects THE CHILDREN'S CRUSADE #1 and THE CHILDREN'S CRUSADE #2, written by Gaiman with cowriters Alisa Kwitney and Jamie Delano. A brand-new middle chapter written by DEAD BOY DETECTIVES novelist Toby Litt and drawn by artist Peter Gross (THE BOOKS OF MAGIC, THE UNWRITTEN) completes this compelling tale of ancient history, stolen dreams and lost children. It also features a new introduction by Gaiman, plus new cover art by artist Mark Buckingham (FABLES, DEAD BOY DETECTIVES).

Just who or what is Onyx?

Onyx is the last(?) survivor of a planet from a distant galaxy. Bound into her armor to survive in the vastness of space, she desperately pursues a vicious alien spoor that infects both planets and their populaces, dooming them both.

Did you say she? But…

Look, she's from a planet concerned with survival, not aesthetics. The suit she's been grafted into was designed to fit warriors of all sizes. And it's the "bound-in" part that makes her quest such a lonely one. Her mask opens, but for her to stay alive, the suit can *never* come off.

And the creators of this tortured new character?

Chris Ryall (*Zombies vs Robots*) and **Gabriel Rodriguez** (*Locke & Key*), who've partnered on projects in years past but never collaborated on a new creation before. Here, both serve as storytellers, with Ryall scripting and Gabriel handling the art.

Where else can interested readers or retailers learn more?

In many of IDW's May releases – an exclusive 5-page story, *Onyx* #00, is running in the back of the comics as a bonus. That story sets up this month's issue #01.

FROM THE ARTIST OF *LOCKE & KEY* AND *LITTLE NEMO* AND THE WRITER OF *ZOMBIES VS ROBOTS*!

WOLF #1

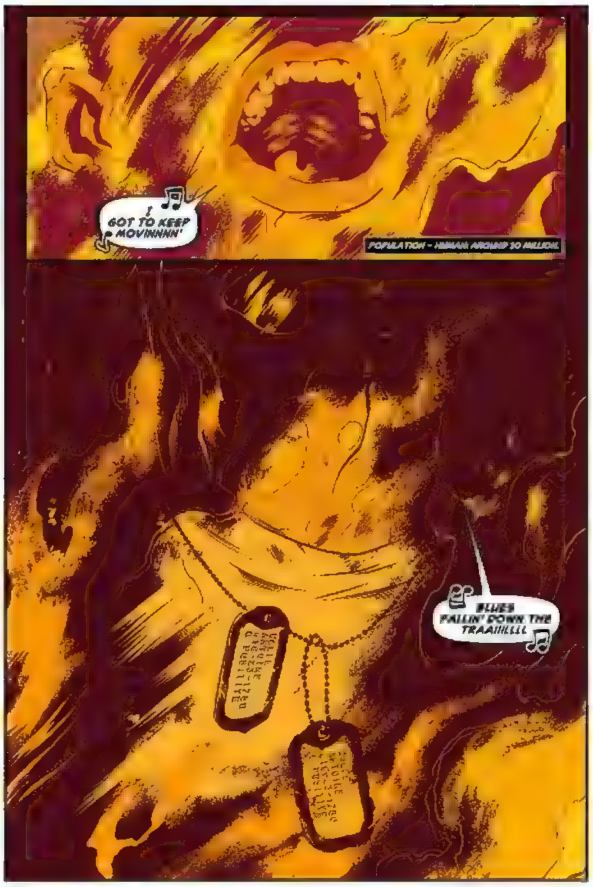
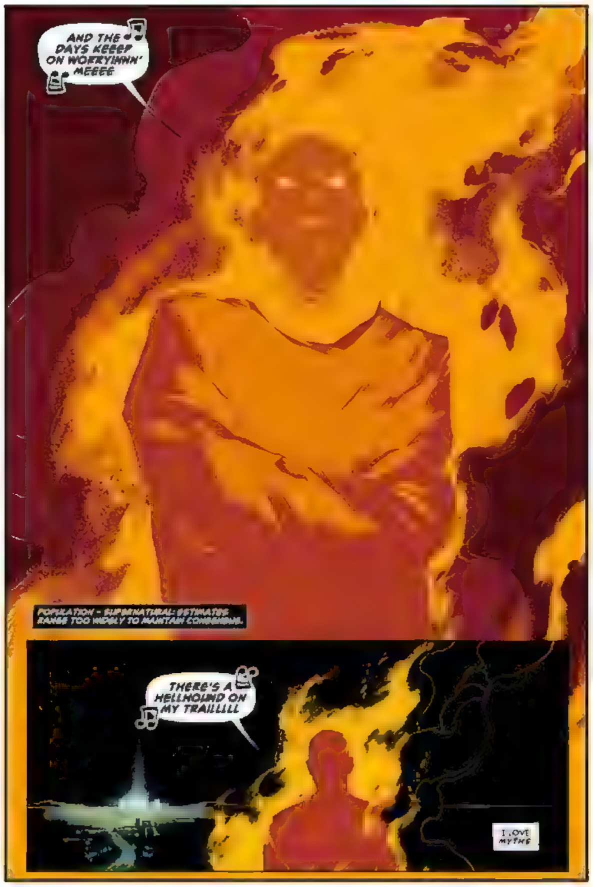
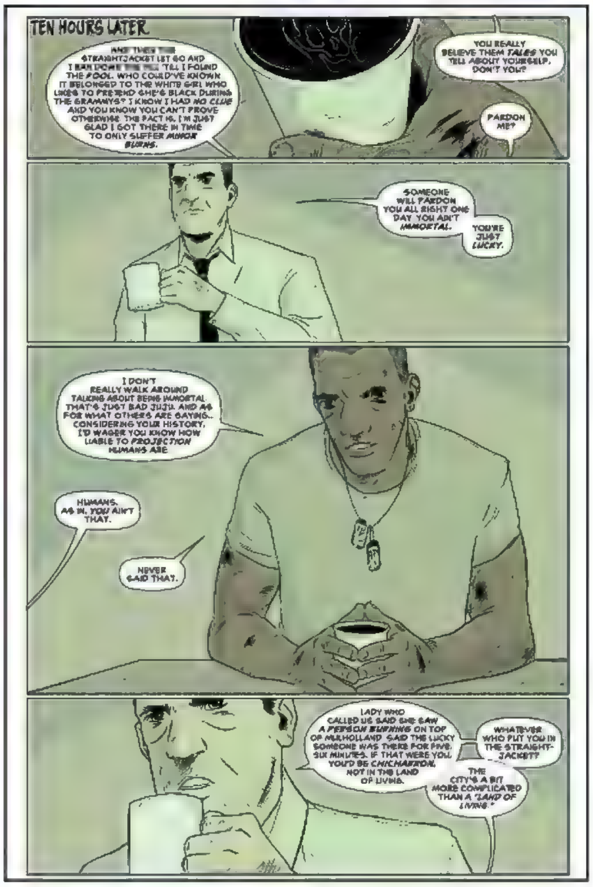
LOS ANGELES, CALIFORNIA
I GOT TO KEEP MOVINNNN'
HOW DO YOU FEEL ABOUT MYTHS?



I GOT TO KEEP MOVINNNN'
POPULATION - HUMAN: AROUND 10 MILLION.
BLUES FALLIN' DOWN THE TRAAIIILLLL



AND THE DAYS KEEEP ON WORRYINNN' MEEEE
POPULATION - SUPERNATURAL: ESTIMATES RANGE TOO WIDELY TO MAINTAIN CONSENSUS.
THERE'S A HELLHOUND ON MY TRAILLLLL
I LOVE MYTHS



TEN HOURS LATER
AND THEN THE STRAIGHTJACKET LET GO AND I RAN DOWN THE HILL 'TILL I FOUND THE POOL. WHO COULD'VE KNOWN IT BELONGED TO THE WHITE GIRL WHO LIKES TO PRETEND SHE'S BLACK DURING THE GRAMMYS? I KNOW I HAD NO CLUE AND YOU KNOW YOU CAN'T PROVE OTHERWISE. THE FACT IS, I'M JUST GLAD I GOT THERE IN TIME TO ONLY SUFFER MINOR BURNS.
YOU REALLY BELIEVE THEM TALES YOU TELL ABOUT YOURSELF, DON'T YOU?
PARDON ME?
SOMEONE WILL PARDON YOU ALL RIGHT ONE DAY. YOU AIN'T IMMORTAL.
YOU'RE JUST LUCKY.
I DON'T REALLY WALK AROUND TALKING ABOUT BEING IMMORTAL. THAT'S JUST BAD JUJU. AND AS FOR WHAT OTHERS ARE SAYING... CONSIDERING YOUR HISTORY, I'D WAGER YOU KNOW HOW LIABLE TO PROJECTION HUMANS ARE.
HUMANS. AS IN, YOU AIN'T THAT.
NEVER SAID THAT.
LADY WHO CALLED US SAID SHE SAW A PERSON BURNING ON TOP OF MULHOLLAND. SAID THE LUCKY SOMEONE WAS THERE FOR FIVE, SIX MINUTES. IF THAT WERE YOU, YOU'D BE CHICHARRON, NOT IN THE LAND OF LIVING.
WHATEVER WHO PUT YOU IN THE STRAIGHT-JACKET?
THE CITY'S A BIT MORE COMPLICATED THAN A "LAND OF LIVING."

ATHENA IX ONE-SHOT

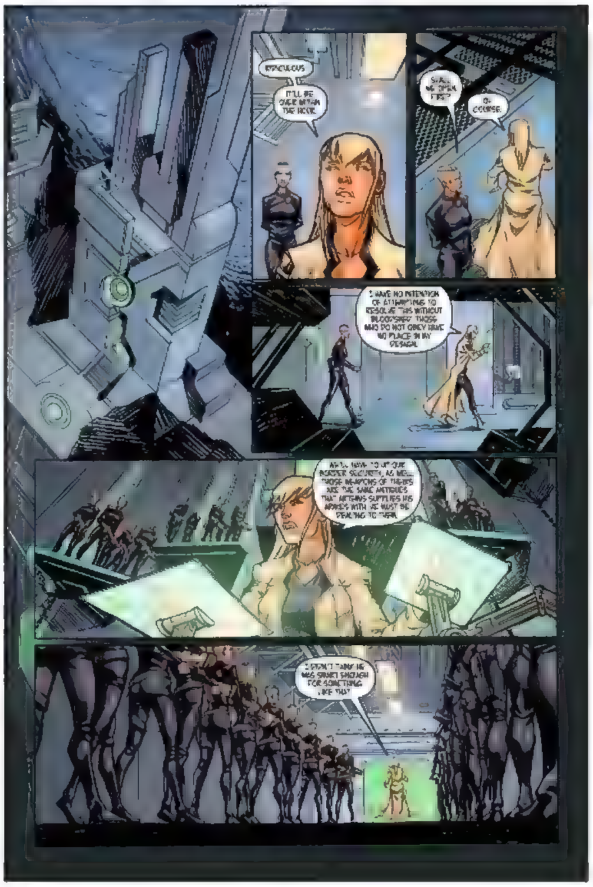
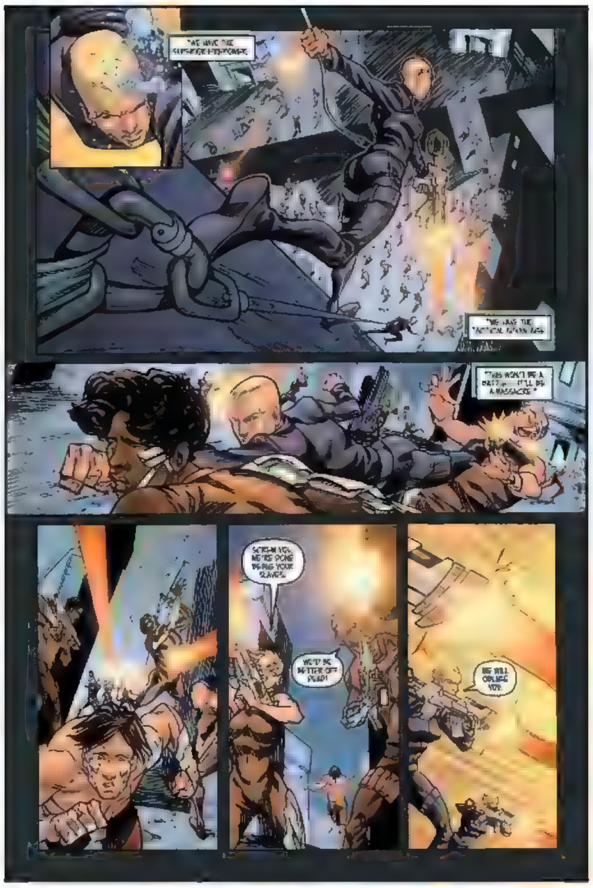
"THEY'VE STARTED AN UPRISING."



RIDICULOUS.
IT'LL BE OVER WITHIN THE HOUR.
SHALL WE OPEN FIRE?
OF COURSE.
I HAVE NO INTENTION OF ATTEMPTING TO RESOLVE THIS WITHOUT BLOODSHED. THOSE WHO DO NOT OBEY HAVE NO PLACE IN MY DESIGN.
WE'LL HAVE TO UP OUR BORDER SECURITY, AS WELL. THOSE WEAPONS OF THEIRS ARE THE SAME ANTIQUES THAT ARTEMIS SUPPLIES HIS ARMIES WITH. WE MUST BE DEALING TO THEM.
I DIDN'T THINK HE WAS SMART ENOUGH FOR SOMETHING LIKE THIS.



"WE HAVE THE SUPERIOR FIREPOWER.
"WE HAVE THE TACTICAL ADVANTAGE.
"THIS WON'T BE A BATTLE... IT'LL BE A MASSACRE."
SCREW YOU. WE'RE DONE BEING YOUR SLAVES.
WE'D BE BETTER OFF DEAD!
WE WILL OBLIGE YOU.

THE BLACKLIST #1

Titan Comics

A lot of popular television shows have found their way to the comics medium in recent years, fueling the, already loyal, fan base. This summer, the popular NBC show, *The Blacklist*, finds its second audience among the comic readers and it looks like it's going to be a worthwhile read for the TV fans and the newly initiated, alike.

Raymond Reddington is one of the most dangerous men in the world, and at the top of the FBI's Most Wanted list until the day he turned himself in and told the FBI he had an interesting list of his own. His "blacklist" contains the names of the world's most dangerous and destructive criminals, operatives, and spies working around the world and only Reddington knows how to find them. Reddington is smart and calculating, rarely offering information unless there's something in it for him and his own secret agenda. The FBI concedes to work with Reddington in order to capture these "Blacklisters" but the real question is, what is Reddington getting out of the deal? The comic begins with their first target, "The Lobbyist," a "Blacklister" who has framed the FBI for murdering a political activist in public. With Reddington's help, the FBI needs to find out who really planned the murder and who benefits from the FBI being blamed for it?

Since the showed first aired in 2013, The Blacklist has been a big hit due to its intelligent writing and intriguing lead character, Raymond Reddington, played by James Spader. A show as good as this begs to be expanded into other media and the "further adventures" of Reddington, written by the show's script coordinator, Nicole Phillips, is a recipe for a good read.

EXECUTIVE OUTCOMES

EXECUTIVE OUTCOMES OGN

Hermes Press

Were I to mention Africa and Hermes Press, you would initially think of *The Phantom*, not a story based on true events in that area of the world. *Executive Outcomes* is a departure from the norm for Hermes Press and a great start into their expansion beyond their collections of classic comic strips and comic books.

Based on a true story by Nick Bicanic, the director and producer of the LEO Award-winning documentary *Shadow Company* about mercenaries, with script by M. Zachary Sherman and art by Emmanuel Xerx Javier, *Executive Outcomes* is an action-packed story of mercenaries who are contracted to bring stability to the war-torn West African country of Sierra Leone. Given the events in Africa and the countries fighting groups like Boko Haram, this story has a feeling of authenticity and not an episode of *Strike Back*. This is real action to the max.

Major Cobus Claassens, commander of a team of 150 mercenaries, quickly discovers that no amount of soldiering can prepare his men for the vicious arena of butchery, treachery, and mounting political pressures his soldiers will experience while trying to do what is just. What difference does winning make if they lose their humanity in the process? Do you stick your head in the sand and let genocide occur or do you try and make a difference to a people?

While this is not the usual book from Hermes, I am more than happy to make space for this in my collection, not with my *G.I. Joes* but with Eisner's *Last Day in Vietnam*, Kubert's *Yossel* and Max Brook's *Harlem Hellfighters*.

INVADER ZIM #1

Oni Press

Prepare yourself for DOOM!!!

Perhaps the quirkiest and zaniest of all animated television shows will be making its highly anticipated return this July in comic book form. In a collaboration between original creator Jhonen Vasquez and Nickelodeon, *Invader Zim* #1 will see its way onto shelves with all-new original content produced by many of the creative minds behind the show.

Originating as one of the most out of the box cartoon programming that Nickelodeon has put out, Invader Zim features an eclectic cast centered on Zim – a small Irken Alien with the responsibility of bringing humanity to its knees. Accompanied by Gir, the loveable robot hiding incognito as a green dog, Zim plots total annihilation of the human race as he avoids being discovered by Dib, the only human to realize that Zim is quite noticeably an alien.

Getting the creative gang together again from the show, Eric Trueheart, *Invader Zim* show writer, pairs with *Invader Zim* character designer Aaron Alexovich to bring their quirky, eerie, dramatic storytelling to the world of comics. Complimented by inks from Megan Lawton and featuring colors by Rikki Simons, original colorist for the television show, makes this the single most doom-inducing comic that will hit stands this summer!

Maybe this time around Zim will actually conquer Earth? Who knows!?!

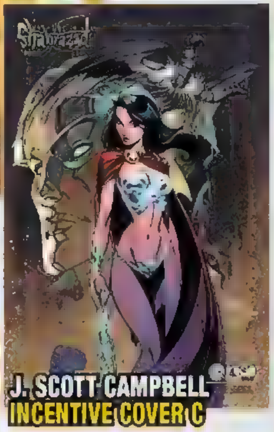
THE BIG DOG INK HIT ADVENTURE SERIES!



MERCURY HEAT

Mercury revolves incredibly slowly. So slowly, there's a band just before the incinerating dawn that's about Earth temperature. If you keep moving, you can outrun dawn on Mercury and not die. You just have to keep moving. You can't stop. Ever. That's *Mercury Heat*'s opening image, with an unfortunate guy having been dropped in that situation. *Mercury Heat* follows cop Luiza Bora's investigation of his death – who he was, and who hated him enough to leave him there to die.

Mercury Heat has been in development since 2008, and brings a Judge-Dredd-meets-Tank-Girl central character into an intricately constructed cyberpunk style science-fiction backdrop. Earth is a paradise that needs to be fuelled – leaving Mercury's energy-generating solar panel arrays as the closest thing to a Wild West humanity has experienced in centuries. Too flawed to find a job back on Earth, Mercury is the only place where Luiza Bora can chase her dreams of a job in law enforcement.

Artist Omar Francia (*Batman, God is Dead*) is joining me on this adventure, and designing everything with obvious joy. It's not really cyberpunk if you're not plugging stuff into your spinal column in a relatively icky fashion. One of the key aspects of this world is that it operates in a post-skill economy. Pretty much every single human skill can be given artificially to anyone via an operative jack by inserting the appropriate memory crystal. There's a busy marketplace for black crystal, which is particularly dangerous for the police, in the same way that trying to arrest people who were smuggling the ability to "be" Bruce Lee would be. This, clearly, causes all sorts of problems for our cop lead, Luiza, and lots of action sequences for us. Each arc is constructed to be the sort of infinite-budget action-movie on paper that only comics allow.

Three other pieces of tech that Omar has thrown himself into that reduce me to excited hand-waving are miniguns (space-miniguns!), space-elevators (space-elevators!) and ekranoplans (space-oh wait). Except for my obscure Ekranoplan love, Omar's done exceptional work in incorporating my own personal tech fetishes into the world building, along with a multitude of mining platforms, battery ships, plug-citadels and other Mercurian locations suited to vast quantities of face-punching. Omar is a machine. Or at least he likes designing machines. Join us on a *Mercury Heat*-fuelled action comic that's 50% science-fiction detective work, and 50% kicking people's heads clean off.

C: Christian Zanier • **W:** David Hine, Justin Jordan • **A:** Nahuel Lopez, Fernando Heinz

MR, Color, 144 pages: Twisted tales master David Hine returns to the grueling world of Garth Ennis' survival horror Crossed with a story from the early days of the outbreak. When a Japanese mobster's daughter is trapped at a cosplay convention on C-Day, the criminals learn the hard way that in a Crossed world it doesn't matter how tough you are...just how fast you run. And Justin Jordan locks us in our nightmares with a visceral tale that takes us to Federal Prison. Jesse Bullock is not a good man, but a very hard man. Down for armed robbery and assault, the only crimes they were able to prove, he has but one good quality: he loves his cousin Otis. When they end up imprisoned at the same jail, Jesse intentionally gets himself denied parole to make sure he's there to protect Otis, who isn't the sharpest tool in the shed. But that job gets much harder when the Crossed spread inside those escape-proof walls! This volume collects issues #71 - 74 of the ongoing Crossed: Badlands series and the Crossed Special 2014. A few years after the events of the first Crossed +100 arc, Future attempts to prepare the people of Murfreesboro for the horrors she saw. But an exploratory balloon ride to the outlying settlements provides an ominous warning that the relative peace that the surviving humans managed to scrape together has begun to crumble. Every nuance of this series has been inspired by the masterfully detailed outlines of Alan Moore. Several special themed covers continue to enrich the series:

American History X Wraparound - Each of these will depict a specific time in the past hundred years, showing how things have changed and offering a peek at some key events. Each cover will display the year in which it takes place to help build the full picture.

Crossed Wires - The Crossed just don't see or make things the same way a person would, these images celebrate that day-to-day madness.

Disastered - These will show how America has changed since the original Crossed outbreak.

Horrific Homage - What if the Crossed were there from the very beginning of comics? This edition will be an Homage to a great Golden Age cover.

Wishful Fiction - The evolution of science-fiction would have been very different with the Crossed as we show you here!

Available with Regular & American History X Wraparound Covers by Gabriel Andrade, Crossed Wires & Disastered Covers by Christian Zanier, Horrific Homage Cover by Michael DiPascale, Wishful Fiction and a Red Crossed Retailer Incentive Cover by Jacen Burrows.

SECRETS OF THE NINJA: THE SHINOBI TEACHINGS OF HATTORI HANZO GN

(W) Sean Michael Wilson

(A/CA) Akiko Shimojima

This historically grounded manga follows the ninja Nagata Saburo as he teaches his son, Hisaaki, the weapons, secret tactics, and values of the ninja. All of the tactics Saburo teaches to his son are drawn from the Shinobi Hiden, the most famous of the "ninja scrolls" written by Hattori Hanzo, general to the warlord Tokugawa Ieyasu and one of the most famous warriors in Japan. These scrolls provided practical instruction for professional ninja, but they also provide insightful theories of social relationships and human interaction, studying the nature of deception, falsehood, and self-protection. As Hisaaki grows from boy to man, Wilson skillfully interweaves real lessons, weapons, and skills used by ninja in feudal Japan, depicted with detail by artist Akiko Shimojima. (STK675292)

Set in 1757, when France and Great Britain battled for control of North America, it is the story of the two daughters of Colonel Munro, commander of a beleaguered fort. The girls, Cora and Alice, are rescued from an ambush by Hawkeye, a hunter, and his two Mohican companions, Chingachgook and his son, Uncas. The first adaptation in this book was drawn and painted by renowned Italian artist Ruggero Giovannini and appeared in *Tell Me Why* in 1968. WHAT'S TO LOVE

Simon Spurrier *(X-Men: Legacy, Crossed: Wish You Were Here)* and Jeff Stokely *(Gotham Academy, Jim Henson's The Storyteller: Witches)* are a formidable duo who really blew us away with their sci-fi/western fusion story ***Six-Gun Gorilla***, so it's only natural we would want to see what else they had up their sleeves. They've teamed up once again to create a murder mystery set in a strange, distant future that fans of *East of West* and ***Jim Henson's The Dark Crystal*** will enjoy.

WHAT IT IS

Oversized first issue! The Spire is a mountain of metal and stone that rises out of the middle of the desert, containing a vast city of twisting tunnels, grinding elevators, and ancient machinery, and is home to over a million human and non-human residents. Shâ, the last of the Medusi, is responsible for keeping watch over them as Commander of the City Watch, despite the fact she isn't shown any respect due to her race. When a string of grisly murders is committed just as a new Baroness of the Spire is about to be sworn in, Shâ will have to find the serial killer and bring them to justice. But the new Baroness has a deep hatred of non-humans, and Shâ will have more than one enemy at her back.

WHAT'S TO LOVE

New York Times bestselling author Kate Leth (*Bravest Warriors*, *Adventure Time: Seeing Red*) and artist Matt Cummings (*Adventure Time*) create a new, original series that takes the magical girl story where it's never, ever been before. Combining a deep love of *Sailor Moon* with the tongue-in-cheek humor of *Scott Pilgrim*, ***Power Up*** is the story of the most unlikely people (and goldfish) taking on the roles of Magical Girl, whether they want it or not.

WHAT IT IS

It has been foretold that four noble warriors of incredible strength would be gifted with cosmic abilities at a moment of planetary alignment...which, yeah, something definitely went wrong here. Amie is a disaffected twentysomething with a lot of attitude, Kevin is a washed-up athlete way past his prime, Sandy's a mother of two teenagers, and Silas...is a goldfish. Just a normal goldfish. Are we sure we read that prophecy right?

SPOTLIGHT ON

HEXED: THE HARLOT & THE THIEF VOL. 1 TP

Written by **Michael Alan Nelson**
Illustrated by **Dan Mora**
Cover by **Emma Rios**
$14.99 • 112 Pages • Full Color

WHAT'S TO LOVE

Day Men. 28 Days Later. Dingo. Besides being one of our favorite writers, Michael Alan Nelson is one of the industry's preeminent voices in horror, and we couldn't be happier bringing back his fan-favorite creation ***Hexed*** for another dive into the depths of the Aether! Plus, ***Hexed*** was *Pretty Deadly* and *Amazing Spider-Man* superstar Emma Rios' introduction to the American comics scene back in 2008, and new series artist Dan Mora is poised to continue the trend with his lyrical, horrific, and wholly unique take on Lucifer.

WHAT IT IS

Luci Jennifer Inacio Das Neves (most people just call her "Lucifer") is a supernatural thief-for-hire, stealing wondrous objects from the dark denizens of the netherworld for her mentor/mother figure, Val Brisendine. But when Lucifer accidentally unleashes a terrible evil from one of the paintings hanging in Val's art gallery, will any of the tricks up her sleeve be enough to stop it? Collects issues #1-4.

> "The world that Michael Alan Nelson has created is inventive, unique and interesting, populated with fascinating characters and more mysteries than you can imagine."

THE EMPTY MAN TP

Written by **Cullen Bunn**
Illustrated by **Vanesa R. Del Rey**
Cover by **Vanesa R. Del Rey**
$19.99 • 160 Pages • Full Color

WHAT'S TO LOVE

There's nothing scarier than horror that hits home—a tale of terror only one or two steps removed from our reality. ***The Empty Man*** is a dystopic version of the world we know, where a terrifying disease has taken on almost deific connotations. Cullen Bunn *(The Sixth Gun, Magneto)* and Vanesa R. Del Rey *(Hit)* are two of the most exciting talents in the industry, and perfectly in sync on this haunting new crime procedural.

WHAT IT IS

It's been one year since the first reported case of the Empty Man disease, and no drug has been able to slow its progress. The cause is unknown, and the symptoms include fits of rage, hideous hallucinations, suicidal dementia, followed by death, or a near lifeless, "empty" state of catatonia. As murder cults rise nationwide, the FBI and CDC enter a joint investigation of the Empty Man, hoping to piece together clues to stop the cult and uncover a cure. Collects the complete miniseries, issues #1-6.

"Cullen and Del Ray's work is instantly palatable, combining action and exposition fluidly for a quick, climactic read."

In celebration of the 75th anniversary of Will Eisner's iconic and ground-breaking character, Dynamite Entertainment is proud to present an all-new ongoing series featuring THE SPIRIT. Scripted by Eisner Award-winning author, Matt Wagner, this monthly title will delight longtime fans as well as help introduce a whole new generation of fans to the character. Set in the classic period of The Spirit's golden age, the 1940s, the first 12-issue story arc follows the strip's most beloved characters, Commissioner Dolan, his daughter Ellen, Ebony White and Sammy as they attempt to uncover why The Spirit has been missing, and presumed dead, for the past two years. Has the famous blue masked hero finally fallen victim to one of the malicious felons or beautiful femme fatales from his lengthy rogues' gallery of enemies? In the words of Central City's most prominent headlines: "WHO KILLED THE SPIRIT?" Illustrated by Dan Schkade and colored by Brennan Wagner, this series will strive to honor the vital and prestigious legacy of one of comicdom's most talented and influential creators – Will Eisner.

WHO KILLED THE SPIRIT?

Mystery Crimefighter Still Missing, Presumed Dead

It has been nearly two years since the last reported sighting of the masked vigilante known only as "The Spirit". Speculation abounds as to what has become of this covert crusader who was directly responsible for the apprehension and arrest of a veritable litany of felonious wrong-doers.

The rarely photographed mystery man had long been a controversial figure in Central City political circles with some critics calling his actions a blatant form of criminal enterprise. Contrary to these opinions, both City Hall and Police Headquarters seemed to accept his non-legally-sanctioned aid, treating him as a sort of unofficial deputy over the course of many criminal investigations. Police Commissioner Dolan was often known to dismiss any inquiry about The Spirit's official status within the bureau via a brusque, "No comment!" But now, with Dolan's impending retirement, police policy seems likely to change in regards to the mysterious man in the domino mask. Weatherby Palmer, who is said to be the Mayor's top pick to replace the departing Dolan has expressed concern over "any individual whose actions might impede or in any way interfere with a police officer in the course of performing his duty."

At this point, public opinion seems to accept the fact that The Spirit has somehow met his ultimate demise at the hands of the same malevolent forces that he had so valiantly opposed throughout the scope of his peculiar, but illustrious, career. Which leads to the nagging and perhaps unanswerable question--Who killed The Spirit? Despite police efforts, crime rates have risen dramatically since the maverick crime-buster has disappeared. Central City, it seems, has been left in the lurch.

A rare instance of The Spirit captured on film, seen in the company of Police Commissioner Eustace Dolan.

It's New Year's, 1949... the end of a tumultuous decade. Lamont Cranston, the man that the world and the underworld know all too well as The Shadow, has had enough. It's time for the mysterious nemesis of crime to hang up his cloak, his slouch hat, and his twin .45s, and to retire from public life. Despite this momentous decision, Margo Lane and the rest of The Shadow's agents fear that mankind, teetering on the brink of nuclear Armageddon, may not be quite ready to be bereft of the dark avenger. Howard Chaykin, whose 1980s revival of The Shadow at DC Comics reinvigorated the character for comic lovers everywhere, returns to tell a mind-blowing tale of the Master of Men! Who knows what evil lurks in the heart of men? Howard Chaykin knows!

"This is a beautiful and violent book. This is must reading. Highest possible recommendation." – SciFiPulse

"Chaykin returns to the character that made his career in grand style, displaying that underneath the icon, there is still just an artist who wants to tell an entertaining story." – Newsarama

Nancy A. Collins (Swamp Thing, Sunglasses After Dark) has called upon some of today's finest creative talents — including Gail Simone, Steve Niles, Joe R. Lansdale, Devin Grayson, Stephen R. Bissette, and many more — to celebrate Vampirella's 45th Anniversary by crafting an anthology of twisted tales, bizarre bedtime stories, and fearsome fables in the tradition of the original Warren magazines, each featuring everyone's favorite sexy, kick-ass vampire-turned-monster hunter.

While exploring the Transylvanian castle she's recently inherited, Vampirella discovers a strange old book of "Feary Tales" that seems oddly familiar. Upon opening it, she is sucked inside its pages and lands in a weird alternate reality, where she is compelled by a disembodied voice calling itself 'The Storyteller' to live out each of the 'feary tales' if she ever hopes to return to reality.

"The comic never loses site of itself, knowing full well it is simply campy, pulpy fun at it's best." – Graphic Policy

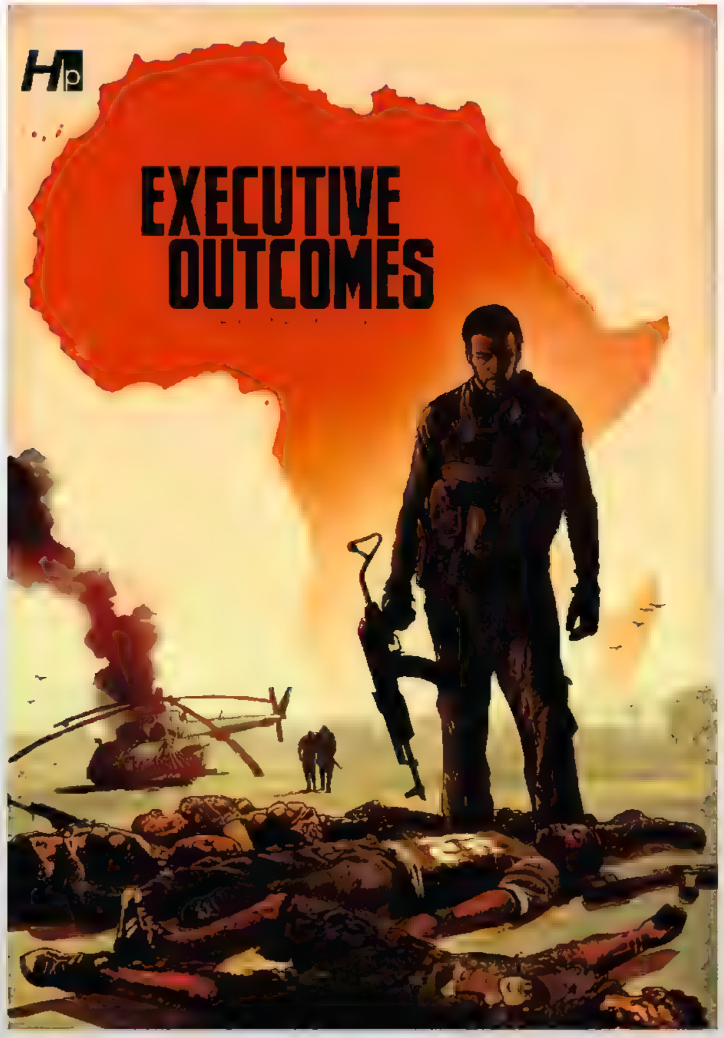
War Doesn't Determine Who's *Right.* War Determines Who's *Left.*



Executive Outcomes; an original graphic novel; full color; $19.99; 160 pages, standard comic size. Story: Nick Bicanic; script: M. Zachery Sherman; art: Emmanuel Xerx Javier; colors: Jessica Huffman; letters: Marshall Dillion; cover: Leri Greer; scheduled to release in comics shops in July.

Major Cobus Claassens commands a team of 150 mercenaries contracted to bring stability to the war-torn West African country of Sierra Leone. Battling overwhelming odds, Cobus and his men train and fight alongside a small contingent of soldiers against a murderous band of 15,000 rebel fighters bent on genocide.

No amount of soldiering has prepared the men for the vicious arena of butchery, treachery and mounting political pressure they experience while trying to do what is just.

What difference does winning make—if they lose their humanity in the process?

Based on a true story by Nick Bicanic (Director and Producer of the 4x LEO award winning documentary about mercenaries "Shadow Company"), a script written by M. Zachary Sherman (IDW's America's Army), and art by Emmanuel Xerx Javier (BOOM! Studio's Nightbreed) — Executive Outcomes is a politically charged and action-packed story that captures the real-life events of a few good men accomplishing impossible deeds.

Surfer Horyu is riding high, swept up by the passion he feels for the timid Shouin. But no ride is ever smooth, not even this one. The boys' relationship seems headed for a wipe out as a rival for Shouin's affections shows up in the form of Nanami, a sophisticated and openly gay post-graduate student. And amidst all that, Shouin's insecurities are brought to the fore when his inability to give Horyu children is painfully pointed out.

POETRY IS USELESS HC

(W/A/CA) Anders Nilsen

In *Poetry is Useless*, Anders Nilsen redefines the sketchbook format, intermingling elegant, densely detailed renderings of mythical animals, short comics drawn in ink, meditations on religion, and abstract shapes and patterns. Stick people debate the dubious merits of economics. Immaculately stippled circles become looser and looser, as craters appear on their surface. A trip to Colombia for a comics festival is recounted in carefully drawn city streets and sketches made in cafes. This expansive sketchbook-as-graphic-novel is exquisitely packaged with appendices and a foreword from Nilsen himself. (STK676392) (C: 0-0-1)

BIG QUESTIONS

(W/A/CA) Anders Nilsen

A haunting postmodern fable, *Big Questions* details the metaphysical quandaries of the occupants of an endless plain, existing somewhere between a dream and a Russian steppe. A downed plane is thought to be a bird and the unexploded bomb that came from it is mistaken for a giant egg by the group of birds whose lives the story follows. Nilsen seamlessly moves from humor to heartbreak. Rather than lending its world meaning, Nilsen's parable lets the questions wander where they will. Available in both softcover and hardcover edition, the new hardcover printing is signed and numbered by the author. (STK443211)

DOGS AND WATER: THE DEFINITIVE EDITION HC (NEW PRINTING)

(W/A/CA) Anders Nilsen

A young man wandering a nameless path has only a stuffed bear as a companion, which inertly endures his desperation, anger, and musings along the way. The landscape is cold and bleak with few landmarks, and offers only precarious encounters with animals and armed men. He finds acceptance with a pack of dogs, though their nature is wild and their potential threat is as unsettling as the sudden presence of a massive pipeline on the horizon. In a dreamlike state, the endless land becomes a vast body of water where his boat is destroyed and his body floats in a subconscious space. All is uncertain and all can be lost, but he continues on regardless. (STK333826)

DON'T GO WHERE I CAN'T FOLLOW HC

(W/A/CA) Anders Nilsen

In this collection of letters, drawings, and photos, Anders Nilsen chronicles a six-year relationship and the illness that brought it to an end. *Don't Go Where I Can't Follow* is an eloquent appreciation of the time the author shared with his fiancée, Cheryl Weaver. The story is told using artifacts of the couple's life together, including early love notes, simple and poetic postcards, tales of their travels in written and comics form, journal entries, and drawings done in the hospital in her final days. *Don't Go Where I Can't Follow* is a deeply personal romance, and a universal reminder of our mortality and the significance of the relationships we build. RAGE OF POSEIDON
anders nilsen

An ambitious book presented in a unique accordion-style format from the winner of the 2012 Lynd Ward Graphic Novel prize. Imagine you are Poseidon at the dawn of the twenty-first century. The oceans are dying and sailors have long since stopped paying tribute. They just don't need you anymore. What do you do? Perhaps, seeking answers, you go exploring. Maybe you end up in Wisconsin and discover the pleasures of the iced latte. And then everything goes wrong. Using beautifully hewn silhouettes and an accordion-style layout that unfolds to more than forty feet in length, Anders Nilsen updates Greek myth and Christian allegory with insightful and devastating wit. STROPPY HC

(W/A/CA) Marc Bell

The first full length graphic novel from the author of *Shrimpy & Paul*. Enter the strange and wordplay-loving world of cartoonist and fine artist Marc Bell, where the All-Star Schnauzer Band runs things and tiny beings hold signs saying "It's under control." Hapless hero Stroppy minds his business, working a menial job in one of Monsieur Moustache's factories, when a muscular fellah named Sean blocks up the assembly line. Sean's there to promote an All-Star Schnauzer Band-organized songwriting contest, which he does enthusiastically, and at the expense of Stroppy's livelihood, home, and face. In hopes for a cash prize, Stroppy submits a work by his friend Clancy The Poet to the contest. Mishaps and hilarity ensue and Stroppy is forced to go deep into the heart of Schnauzer territory to rescue his poet friend. *Stroppy* is Marc Bell's triumphant return to comics; it's also his first full-length graphic novella, one that thrums with jokes, hashtags, and made-up song lyrics. GAG ON THIS: CARTOONS BY CHARLES RODRIGUES

by Charles Rodrigues; Edited by Bob Fingerman

$34.99 / HC/ 432 pgs / PC / 6 x 6

Culled from the pages of *National Lampoon*, this is Fantagraphics second collection of the work of Charles Rodrigues, one of the most audacious, taboo-busting cartoonists who ever lived. There is no example of human suffering, tragedy, or absurdity that is off limits. The cartoons are hilarious and yet without a drop of rancor, even the chapter titled "Good Ways to Kill a Rock Performer." This is a welcome re-examination of one of the great, under-appreciated and quintessentially American cartoonists.

Mark's out of the military, these days, with his boring, safe civilian job doing explosives consulting. But you never really get away from war. So it feels inevitable when his old army buddy Jason comes calling, with a lucrative military contract for a mining job in an obscure South-East Asian country called Quanlom. With no career prospects and a baby on the way, Mark finds himself making the worst mistake of his life and signing on with Jason. What awaits him in Quanlom is going to change everything. What awaits him in Quanlom is weirdness of the highest order: a civil war led by ten-year-old twins wielding something that looks a lot like magic, leading an army of warriors who look a lot like gods. What awaits him in Quanlom is an actual goddamn dragon. (STK675256) (C: 1-0-0) **NOTE:** Not available in Canada.

In a present day idyllic kingdom, the benevolent teenaged son of the King and Queen (Beast & Belle from Disney's iconic *Beauty and the Beast*) is poised to take the throne. His first proclamation: offer a chance at redemption to the trouble-making offspring of Cruella De Vil, Maleficent, The Evil Queen, and Jafar who have been imprisoned on a forbidden island with all the other villains, sidekicks, evil step-mothers and step-sisters. These villainous descendants are allowed into the kingdom to attend prep school alongside the offspring of iconic Disney heroes. However, the evil teens face a dilemma. Should they follow in their nefarious parents' footsteps and help all the villains regain power or embrace their innate goodness and save the kingdom? (STK676189)

There's excitement in the Zombillenium horror themed park run by actual monsters. Brought in by Behemoth himself, the vampire Beauford Jaggar Carniegie III is officially supposed to help CEO Francis in managing the park. If one looks more closely, the reasons for his coming may seem less anodyne than announced. Of course, his mission is to increase return on investment for the shareholders, but for Behemoth that return has to be in souls. Francis is appalled but obligated to kowtow to the almighty consultant, determined to take power and pervert the rules of Zombillenium. Meanwhile, Aurelian goes through a bad patch. Depressed by his immortal status and the absurdity of his life... sorry, his death, he's burned out. And burnout, in a powerful demon, can be devastating. Alterna Comics

When I heard that Alterna Comics was planning to follow up their miniseries *FUBAR: Mother Russia* I had to take a second and ponder how they planned to up the ante. In *Mother Russia* we saw an undead outbreak add to the horrific butchery of WWII Stalingrad. That meant that the bloodiest battle in human history had just got bloodier. Every casualty in battle now added to the total number of zombies on the ground creating a third army in city loyal to neither side in the conflict and their only desire was to mash their dead jaws on some tasty living humans. So how would they one up that?

The answer was a simple paradigm shift. In this outing we're moving away from the mass carnage and redefining the undead as biological weapons. Hidden from the public beyond a government veil of red tape, redacted memos, and outright lies, is the reality that the world's governments have been actively researching the means to turn the undead into a new weapon of mass destruction. A weapon which feeds on the lives enemy troops on the ground, infecting them, and continuing to spread until the enemy is completely exterminated.

FUBAR: Declassified examines the consequences of when soldiers chance upon weaponized zombies during a series of missions and the carnage that ensues as the dead come face to face with highly trained battle hardened troops. Written by veteran scribe Chuck Dixon, Jeff McClelland, and Jeff McComsey, *FUBAR: Declassified* will hit shelves this July.

No matter what tricks the other boys try to play on him, Sakamoto always manages to foil them with ease and grace. Though Sakamoto may seem cool and aloof, he helps others when asked, such as in the case of the boy in his class who was being constantly bullied. No matter what difficulties Sakamoto encounters, he moves through his high school life with confidence and class! (STK675329) (C: 0-1-0)

With no way to finance his prestigious education, William decides to search through his uncle's mansion for something of value to sell. But William's logical worldview is about to take a hit, when he comes across a mystical seal which he unintentionally uses to summon a demon. The demon's name is Dantalion, a Grand Duke of Hell, who informs the young nobleman of his destiny — that he is the new "Elector" whose sole responsibility is to appoint the next ruler of Hell in place of Lucifer. None of this can possibly be real — can it? — and besides, he's got bills to pay. (STK675332) (C: 0-1-0)

MONSTER MUSUME VOLUME 7 GN

(W/A/CA) Okayado

What do world governments do when they learn that fantastical beings are not merely fiction, but flesh and blood — not to mention feather, hoof, and fang? Why, they create new regulations, of course! When hapless human Kurusu Kimihito becomes an involuntary "volunteer" in the government homestay program for monster girls, a reptilian lamia named Miia is sent to live with him. While cold-blooded Miia is so sexy she makes Kimihito's blood boil with desire, the penalties for interspecies breeding are dire. Even worse, when a buxom centaur girl named Centorea and a scantily clad harpy named Papi move into Kimihito's house, what's a full-blooded young man with raging hormones to do? THE BIZARRE ADVENTURES OF GILBERT & SULLIVAN GN

(W/A/CA) Laura Howell

Think you know comics? Think you know history? Think you know comic operas? Think again! *The Bizarre Adventures of Gilbert & Sullivan* mixes fact with fiction and the sublime with the ridiculous to outrageous effect. High-energy manga-style art collides head-on (then bows politely in apology) with historical facts and faces to produce topsy-turvy tales the like of which you've never before seen. DISNEY'S BIG HERO 6 CINESTORY

Joe Books

The Academy Award-winning film is now being brought to the page with Joe Books' Cinestory screen-capture adaptation! *Big Hero 6* is hands down one of the best animated films that I have seen in a long time. I believe that it, along with *Frozen*, are cinematic demonstrations of the way that Walt Disney Animation Studios has evolved to bring us contemporary stories with not only a lot of heart and soul, but a lot of great action and adventure.

One of the best values in your local comic shop today, Joe Books' *Big Hero 6 Cinestory* refashions our tale of Hiro, his five friends, and, of course, the absolutely lovable Baymax in a way that families can come back to and read time and time again.

Whether your favorite part is Hiro building outrageous constructions with his nanobots, or when Baymax takes Hiro on a high-flying adventure through the cityscape of San Fransokyo, it's all in this book. One of the biggest films to come out of Disney last year, now is the perfect time to relive the animation and add this book to your libraries!

MY NEIGHBOR SEKI VOLUME 3 GN

(W/A/CA) Takuma Morishige
My Neighbor Seki is a collection of short stories that revolve around two classmates who sit at the back of their high school homeroom. In each chapter Seki devises a new way to kill time in his school desk, to best avoid boredom. And along the way, he ends up distracting the girl who sits next to him Rumi; who's mind goes wild as Seki pushes the limits of his disobediance. Seki's humor is extremely thoughtful and mainly visually based. Author Morishige has compiled dozens of creative ways to kill time, but has brilliantly rendered those everyday ideas to curiously work within the restrictions of a high school classroom. FROM NEW YORK TIMES BEST-SELLING WRITER
ROBERT VENDITTI
AND ALL-STAR ARTISTS
ROBERT GILL
AND
DOUG BRAITHWAITE

"A coward dies a thousand times before his death, but the valiant taste of death but once."

The Valiant heroes. X-O Manowar. Bloodshot. Ninjak. The Harbinger Renegades. Unity. This is how they lived. This is how they died.

Now we know. The Book of the Geomancer has recorded it all. But only a young girl – the last in a line of the enigmatic mystics who protect the Earth known as Geomancers – has seen this future come to pass, from the coming cataclysm to the dawn of the 41st century. Alone with her sworn protector, the Eternal Warrior – a soldier battle-forged across five thousand years of combat – the duo must defy their allies to stop the Dark Age that now threatens to eclipse our world.

Together, they are the number one target of every hero and villain on Earth. Either the Eternal Warrior hands her over...or they take him down. But can even he single-handedly protect one child when the entire Valiant Universe wages war against him?

The blockbuster Valiant event of 2015 starts here as New York Times best-selling writer Robert Venditti (X-O MANOWAR) joins superstar-in-the-making Robert Gill (ARMOR HUNTERS: HARBINGER) and visionary artist Doug Braithwaite (ARMOR HUNTERS) to begin a thousand-year journey into the future of the Valiant Universe...and rain, fire, blood and war on the heroes of today.

IMPERIUM VOL. 1: COLLECTING MONSTERS TPB

A psychic dictator, an inhuman robot, a mad scientist, a murderous alien, and a superpowered terrorist are about to try and take over the world...and you're going to be rooting for them every step of the way!

Toyo Harada is the most dangerous human being on the planet. Imbued with incredible powers of the mind, he has spent his life guiding humanity from the shadows. But today he is a wanted man. His powers are public knowledge, his allies have turned to enemies, and he is hunted by every government on the planet. Instead of surrendering, Harada has one last unthinkable gambit to play: to achieve more, faster, and with less, he will build a coalition of the powerful, the unscrupulous, and the insane. No longer content to demand a better future, he will recruit a violent legion from the darkest corners of the Earth to fight for it. The battle for utopia begins now! Start reading here as New York Times best-selling creator Joshua Dysart – writer of the Harvey Award-nominated series HARBINGER – and superstar artist Doug Braithwaite (UNITY, *Justice*) begin the daring new superhero saga of the year.

A SHOCKING NEW VISION OF 21ST CENTURY SCIENCE FICTION!

BLOCKBUSTER CREATORS
MATT KINDT AND **TREVOR HAIRSINE**
PRESENT THE MAJOR NEW CHARACTER
DEBUT OF THE YEAR!

From New York Times best-selling writer Matt Kindt (THE VALIANT, *Mind MGMT*) and blockbuster artist Trevor Hairsine (*X-Men: Deadly Genesis*) comes a shocking new vision of 21st century science fiction!

At the height of the Cold War, the Soviet Union – determined to win the Space Race at any cost – green lit a dangerously advanced mission. They sent a man farther into the cosmos than anyone has gone before or since. Lost in the stars, he encountered something unknown. Something that...changed him. Long thought lost and erased from the history books, he has suddenly returned, crash-landing in the Australian Outback. The few that have been able to reach him believe him to be a deity – one who turned the scorched desert into a lush oasis. They say he can bend matter, space, and even time to his will. Now the rest of the world's powers must decide for themselves – will the enigmatic Divinity offer his hand in friendship, or will Earth's heroes find themselves helpless against the wrath of the divine?

(W/A/CA) Will Eisner

In what will be the closest thing Eisner fans will see to an autobiography, the great master and pioneer of American graphic arts presents the most intimate and personal perspective yet on his life as a writer, a professional, and an artist. "The Dreamer" and "To the Heart of the Storm" describe Eisner's gritty early life and career, while "The Name of the Game" chronicles a personal history of his wife's family. Finally, two shorter pieces illuminate the bookends of a legendary career: "The Day I Became a Professional" describes Eisner's first rejection from a potential publisher, and "A Sunset in Sunshine City" provides a poignant portrait of Eisner in old age. MIDDLE SCHOOL IS awkward, RIGHT?

Penelope "Peppi" Torres, a shy new transfer student, wants nothing more than to fit in and find a place among her fellow artistically inclined souls. The last thing she wants is to stand out. So when she bumps—literally—into quiet, geeky, friendly but friendless Jamie Thompson and is teased as the "Nerder's Girlfriend," Peppi's first embarrassed instinct is to push him away and run. Though she later feels guilty and wants desperately to apologize for the incident, Peppi always ends up chickening out. She has no reason to speak to him anyway, until she ends up bumping—figuratively and continually—into Jamie again! Will these two opposites ever see eye-to-eye, let alone become friends?

THE LAW FOR COMIC BOOK CREATORS SC

(W) Joe Sergi

Since the creation of the comic book, cases of legal conflict and confusion have often arisen where concepts such as public domain, unincorporated entities, and moral rights are involved. As a result, comics creators are frequently concerned about whether they are protecting themselves. This book seeks to provide those answers, examining the legal history of comics and presenting information in a way that is understandable to everyone. As these lessons are explored, the reader will learn the importance of contracts, the basics of copyright and trademark, the precautions necessary when working with public domain characters and the effects of censorship. For the first time in English, an essential history of the narrative art form's global rise. A noted comics artist himself, Santiago García follows the history of the graphic novel from early nineteenth-century European sequential art, through the development of newspaper strips in the United States, to the development of the twentieth-century comic book and its subsequent crisis. With such examples from around the world as Spain, France, Germany, and Japan, García illustrates how the graphic novel represents a new model for graphic narrative production that empowers authors and challenges longstanding social prejudices against comics. THE SECRET HISTORY OF WONDER WOMAN SC

(W) Jill Lepore

Harvard historian and New Yorker staff writer Jill Lepore has uncovered an astonishing trove of documents, including the never-before-seen private papers of William Moulton Marston, Wonder Woman's creator. Beginning in his undergraduate years at Harvard, Marston was influenced by early suffragists and feminists. Marston, internationally known as an expert on truth — he invented the lie detector test — lived a life of secrets, only to spill them on the pages of Wonder Woman. Wonder Woman, Lepore argues, is the missing link in the history of the struggle for women's rights, a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. From award-winning author A.L. Kennedy, an original *Doctor Who* novel featuring the beloved fourth Doctor, as played by Tom Baker. Something odd is going on at the Fetch Brothers Golf Spa Hotel. Receptionist Bryony Mailer has noticed a definite tendency toward disappearance among the guests. She's tried talking to the manager, she's even tried talking to the owner who lives in one of the best cottages on the grounds, but to no avail. And then a tall, loping remarkably energetic guest (wearing a fetching scarf and floppy hat) appears. The Doctor thinks he's in Chicago. He knows he's in 1978. Over the years, a number of versions were produced both in the U.S. and the U.K. Now, this author's preferred edition of his classic novel reconciles these versions and reinstates a number of scenes cut from the original published books, including the special *Neverwhere* tale, "How the Marquis Got His Coat Back." I AM LUCILLE BALL HC

(W) Brad Meltzer (A/CA) Chris Eliopoulos

Humor is at the heart of the newest biography in this *New York Times*-bestselling series. "Kids always search for heroes, so we might as well have a say in it," Brad Meltzer realized, and so he envisioned this friendly, fun approach to biography. Each book tells the story of one of America's icons in an entertaining, conversational way that works well for the youngest nonfiction readers, those who aren't quite ready for the Who Was series. Each book focuses on a particular character trait that made that role model heroic. For example, Lucille Ball could make any situation funny. By making people around the world laugh, she proved that humor can take on anything. (STK675283)

HOGAN'S ALLEY #20

(W/A) Various

Hogan's Alley features a long interview with Patrick McDonnell, creator of the phenomenally popular Mutts comic strip. McDonnell discusses the creative opportunities — and challenges — involved in adapting a comic strip to other media, including a big-budget theatrical movie! To celebrate our 20th issue, we identify the Silver Age's 20 key comic books. We present a wide-ranging interview with John Dirks, the son of Rudolph Dirks, one of the comic strip's founding fathers and the creator of the Katzenjammer Kids. We look back at Mickey Mouse's early years and some of the storylines and incidents that seem unimaginable today (like Mickey's repeated failed attempts at suicide). We also chronicle the history of the 1978 animated TV broadcast of J.R.R. Tolkien's *The Hobbit* and all the creative hurdles the animators surmounted to bring Middle Earth to the small screen. HISTORICAL

THE THINKER FIGMA
From FREEing. "The Table Museum" is a series of figma figures based on famous works of art that almost anyone will recognize! The first in the series is the classic sculpture by Auguste Rodin - *The Thinker*! The Thinker was originally a centerpiece of a sculptural group work called *The Gates of Hell*, but now the silent, pondering sculpture can be found in textbooks around the world. The figma version is, of course, articulated, so while you can recreate the classic "Thinker" pose, you can also place him in a variety of different poses to bring out a completely different charm to the work of art! Using the smooth yet posable joints of figma, you can act out the classic Thinker pose, or various other action poses. A flexible plastic is used for important areas, allowing proportions to be kept without compromising poseability. A special stand, chest and head part are included to recreate the classic pose, but various other head and hand parts are also included. An articulated figma stand is included. (STK662217) **Item has been previously solicited in *PREVIEWS Plus*.** Scheduled to ship in July 2015. WARHAMMER 40K: MALLEUS SC
(W) Dan Abnett
A century after his recovery of the alien Necroteuch, Gregor Eisenhorn is one of the Imperial Inquisition's most celebrated agents. But when a face from his past returns to haunt him, and he is implicated in a great tragedy that devastates the world of Thracian Primaris, Eisenhorn's universe crumbles around him. The daemon Cherubael is back, and seeks to bring the inquisitor to ruin — either by his death, or by turning him to the service of the Dark Gods. (STK676522) (C: 0-1-2)

NECROPOLIS

WARHAMMER 40K: NECROPOLIS SC
(W) Dan Abnett
For a thousand years, the Sabbat Worlds have been lost to the Imperium, claimed by the dread powers of Chaos. Now, a mighty crusade seeks to return the sector to Imperial rule. And at the forefront of that crusade are Colonel-Commissar Ibram Gaunt and the Tanith First and Only — better known as "Gaunt's Ghosts". On the world of Verghast, a grinding war between two hive cities — one loyal to the Imperium, the other fallen to the worship of the Dark Gods — is bolstered by the forces of the Imperial Guard. But bitter rivalries and treachery threaten to derail the defence of Vervunhive, and it falls to Gaunt to take command of the Imperial forces and forge victory from an almost certain defeat. This edition includes the epilogue short story "In Remembre", in which Gaunt's Ghosts are accompanied into battle by an artist commissioned to create a sculpture in commemoration of a great victory by the Tanith First. THE HORUS HERESY
THE PRIMARCHS
Edited by Christian Dunn
Featuring new stories from Graham McNeill, Nick Kyme, Gav Thorpe and Rob Sanders

WARHAMMER 40K: PRIMARCHS SC
(W) Various
Created in the Emperor's own image, the primarchs had long thought themselves to be princes of the universe and masters of their own destiny — they led the Space Marine Legions in glorious conquest of the galaxy, and no enemy of the Imperium could stand against them. However, even amongst this legendary brotherhood, the seeds of dissent had been sown long before the treacherous Warmaster Horus declared his grand heresy. Gathered within this anthology are four novellas focusing on some of the mightiest warriors and leaders that mankind has ever known — Fulgrim, Ferrus Manus, Lion El'Jonson and Konrad Curze — and the roles that they may have yet to play in a war which threatens to change the face of the Imperium forever. HAYATE THE COMBAT BUTLER SEASON 4

It's never easy to be a gentleman's gentleman, but working for a girl who's not only not a gentleman but also a lightning rod for trouble (and not always particularly ladylike either) is a job that few butlers could handle. For Hayate Ayasaki, however, fighting off teenage heiress Nagi Sanzenin's would-be kidnappers is as much a part of butlering as serving the tea. However, as competent as Hayate may seem, there's one thing he's not particularly good at: noticing when pretty girls are attracted to him. Which is probably a good thing, as otherwise the silverware might never get polished! But that won't stop the young ladies from trying to catch his eye, even as the art of domestic service becomes inexplicably intertwined with the martial arts! KNIGHTS OF SIDONIA SEASON 1

A thousand years after the alien Gauna destroyed the Earth, a small remnant of humanity still fights on to survive, fleeing on the gargantuan asteroid-based spaceship Sidonia. But centuries of flight and warfare have changed mankind in incredible ways: genetic engineering has allowed humans to photosynthesize like plants, reproduction occurs through cloning, and a third gender has been created to balance the population. Though it's been a century since the last encounter with the Gauna, military service is mandatory, with all those able enough enlisted to pilot the Garde robots that stand as Sidonia's front line of defense. For Nagate Tanikaze, whose grandfather secretly hid him in the forgotten bowels of the asteroid, it's a strange new world as he's forced to come to the surface and join the ranks of defenders. Yet his recruitment comes just in time, for the Gauna have suddenly reappeared, and what could be man's last battle will require every resource humanity has left. And what no one knows, yet, is that Nagate is not exactly what he seems, and a secret buried in his past may change the fate of all mankind! Collects episodes 1-12. (STK676758) (C: 0-1-1)

MAGICAL WARFARE

MAGICAL WARFARE: THE COMPLETE COLLECTION

The last few years haven't been easy for Takeshi Nanase. His parents are distant, his little brother despises him since "the accident," and his relationship with his girl friend isn't exactly romantic. Even one of the few high points in his existence, studying the Japanese sword-fighting technique of Kendo, seems to be a dead end. He's got a definite knack for it, but it's not something that's likely to have any practical application in a future career - or so he thinks until he runs into an unconscious girl in an unknown uniform and suddenly has his world turned upside-down. In short order, he's being held at (magical) gun-point, rescuing damsels in distress, and finding himself facing off with a group of magic users! But as shocking as finding his life in danger and learning that magic is real may be, what's even more stunning is the revelation that Takeshi's been changed into a magician himself! So maybe those sword lessons aren't going to end up being so irrelevant after all! Contains episodes 1-12. (STK676769) (C: 0-1-1)

SPACE BROTHERS: THE COMPLETE SEASON 3

Contrary to popular belief, the hardest part about becoming an astronaut isn't being shot into orbit while sitting on top of the world's largest fireworks display. Nor is it coming back home in a fiery reentry into Earth's atmosphere. No, those events, while momentous, are easy compared to all the studying and training required to actually get to those points. The hardest part of all is the waiting: waiting to see if the technology for a mission will be ready in time. Waiting to see who gets selected for each crew. Waiting to see if the weather is clear for each launch. And waiting to see if everyone makes it back home alive. That's a lesson that Mutta is now painfully learning twice over, as he waits to find out the result of his JAXA exams and watches while his younger brother, Hibito, prepares for his own historic journey to the moon. Will Mutta finally pass and move on to the next stage of his own training? Will Hibito's mission end in success or tragedy? The tension mounts as the countdown begins! Contains episodes 27-38. Branded as a "video nasty" in the UK, director Luigi Cozzi's *Contamination* takes the premise of Ridley Scott's classic *Alien* and peppers it with exploding guts galore and a dangerously infectious soundtrack from celebrated Italian prog-rockers Goblin (*Deep Red*, *Suspiria*). A cargo ship drifts up the Hudson River. Its crew: all dead, their bodies horribly mutilated, turned inside out by an unknown force. Its freight: boxes upon boxes of glowing, pulsating green eggs. It soon becomes clear that these eggs are not of this planet, and someone intends to cultivate them here on Earth. But who? And to what end? SPOTLIGHT ON

JACK THE RIPPER

The inimitable Klaus Kinski assumes the role of the most heinous criminal of modern history — Jack the Ripper — in this explicitly savage, wildly erotic version of the infamous tale from Europe's most notorious filmmaker, Jess Franco. Kinski stars as a sympathetic doctor by day who, when night falls, sheds his skin and stalks the shadowy streets of London as the prostitute-murdering Jack the Ripper. While Scotland Yard races to stop his bloody reign of terror, a young woman launches her own investigation and becomes the Ripper's next target. Co-starring Franco's longtime muse, the sensual Lina Romay, *Jack The Ripper* is one of the controversial director's finest films, presented here in a lush anamorphic widescreen transfer. SILENT RETREAT

Janey is sent to a silent meditation retreat in the middle of the woods for rehabilitation, only to discover that the men who run it are brainwashing women to be quiet and submissive, and if she breaks the rules, she'll discover what lurks beyond the trees! (STK676676) (C: 0-1-1)

SPIDER BABY

The credits dub this "the maddest story ever told," a promise that's well on the way to being fulfilled in the opening scene alone, when Virginia traps and kills a hapless deliveryman in her makeshift web. She's one of three siblings who suffer from a unique genetic disorder that causes them to regress back to childhood, while retaining the physical strength and sexual maturity of adults. Lon Chaney Jr gave one of his most memorable late performances as Bruno, their guardian and protector, who has managed to cover up their crimes until two distant relatives lay claim to their house. When they insist on moving in, Bruno has to cross his fingers and hope that the "children" behave towards their new guests! (STK676667) (C: 0-1-1)

SOCIETY

After producing Stuart Gordon's hit *Re-Animator*, Brian Yuzna turned his hand to directing with 1989's *Society*, and gave birth to one of the ickiest, most original body horror shockers of all time. Teenager Bill Whitney (Billy Warlock) has always felt like the odd one out in his wealthy, upper-class Beverly Hills family. For some reason, he just doesn't seem to fit in. But his sense of alienation takes a sinister turn when he overhears a surreptitious audio recording of his sister's coming-out party, which seems to implicate his family and others in a bizarre, ritualistic orgy. And then there are the strange things he's been seeing — glimpses of people with their bodies contorted impossibly out of shape. Is Billy going mad or is there something seriously amiss in his neighborhood? *Society* is a biting horror satire which culminates in one of the most leftfield, gag-inducing "climaxes" in all of horror history! TROPHY HEADS

It's the present day, and our heroines, real life Scream Queens Darcy DeMoss, Linnea Quigley, Brinke Stevens, Michelle Bauer, Jacqueline Lovell, and Denice Duff, who starred in those infamous movies back in the 80's and 90's, have gone on with their lives since those days, some still acting or in new businesses of their own. What none of them suspect is that somewhere, down in the basement of an old house, an obsessed fan, Max, sits in the dark, watching clips from those movies over and over, his obsession growing into a diabolical plan. One by one, with his mother's help, he begins to "collect" them, transporting them to a makeshift prison he's set up in his basement. The Scream Queens have no idea what's going on, until they find themselves forced to re-enact movie scenes from their horror heyday! (STK676671) (C: 0-1-1)

Comic Book Creators Take Their Works To The Movies

This month, ***PREVIEWS*** presents **Movie Month**, our annual celebration of the best Genre offerings of Sci-Fi, Horror, Fantasy, Action and Comic Book-themed movies, and the comics, graphic novels and merchandise that inspired or were spawned by them. As more and more comic books are being optioned for big screen adaptations, we reached out to some of the most recent creators who have taken their creations into the new and sometimes perilous world of cinema. Mark Millar, writer/creator of *Wanted*, *Kick-Ass* and *Kingsman: The Secret Service*, and Dustin Nguyen, artist of the critically acclaimed (and recently optioned by Sony Pictures) series, *Descender*, both took time out of their busy schedules to give us their own unique perspectives on taking comics to film...

INTERVIEW WITH MARK MILLAR

***PREVIEWS**: Over the past couple of years, comics seem to be the new gold rush for Hollywood. What do you think it is about the comic book medium that has so many people running in the same direction? And why now?*

Mark Millar: As someone who speaks to Hollywood execs or producers every day, I can answer that very simply — comics is just a mine of great ideas. It really is as obvious as it sounds. Look at what's being published every month right now, from *Saga* to *Bitch Planet* to *Trees* to Scott Snyder's *Batman*… and I can't think of another medium with such a breadth of ideas and energy. Multiply that by seven or eight decades of material and it's actually mind-blowing what comics have achieved. I'm not seeing this kind of diversity or creativity in theatre or crime novels or even television. Comics dominate Hollywood right now because comics are impressive. The men and women who put these books together are so talented that their ideas are crossing over several mediums. It's a wonderful time.

***P**: When you sit down to write a comic, do you ever think to plot the story using a more concrete visual presentation? Meaning, more of a concentration on storyboarding for a keener focus on scenery, pacing, or plot device. Such an approach from the start would make the story more palatable to a screen adaptation, correct? Or do you think such an approach hamstrings your creativity from the beginning?*

MM: No offense, but this really is a very silly question. It's probably the thing I'm asked most and it really makes no sense, as a comic can't possibly be engineered to be a movie. A movie is a story told in a hundred and twenty minutes of sound and visual. A comic story or graphic novel is usually around 120 pages of text and visual. *Marvels*, *Kingdom Come*, *The Dark Knight Returns*, *Maus*, *Daredevil: Born Again* or even the "Kree-Skrull War" story in the old *Avengers* comics would all make fantastic movies. They're not created to be more 'palatable as screen adaptations' because these kinds of stories didn't really get used in the very rare comic-book adaptations of the periods they were published. They were just terrific, engaging stories. Likewise, the books that get adapted are simply the ones the execs and producers like best. It's that simple. They resonate in a way another story hasn't and there's no formula, or else every story we've ever written would have a movie deal attached and every company would be doing it. *Scott Pilgrim*, *Kick-Ass*, *300*, *Sin City* and *Kingsman: The Secret Service* as well as the *Turtles*, *Watchmen* and *Road to Perdition* have all made the jump from comics to movies. I think the fact every one of these is so incredibly different proves there's no guaranteed formula of any kind. What they all have in common is that they were created by people who loved doing the comics and that love is contagious. Hollywood people fell in love with them too. That to me is the *real* secret.

***P**: If a comic is to be attractive for a screen adaptation (big or small), what elements about a story do you think producers find most attractive? In your opinion, what "sells" a comic the most for a screen adaptation? Or is this question impossible to answer because it depends on an individual's taste, or gut instinct? Or does it depend more on "what's hot in the market"?*

MM: There is no collective taste, no Hollywood 'hive-mind', or all the very varied books I mentioned above would never have been translated to the screen. Each of these books was generally adapted by something that resonated with them. It might have been seeing Richard Nixon in a superhero comic. It might have been Scott Pilgrim fighting the evil ex-boyfriends. "Hot in the market" means nothing to Hollywood either. I guarantee that comic-book sales don't even enter into the equation and *Iron Man* is a perfect example. It's consistently sold around half what *Spidey* sells for a decade and is only one title, but *Iron Man* now makes twice what *Spider-Man* grosses internationally in movie terms. Likewise, the *Blade* franchise has grossed over a billion dollars in cinemas, but hasn't sustained a series for more than a year or two in the character's history. But they're great, compelling characters and attractive to actors and filmmakers. Tony Stark is a wonderful movie character and is up there with Han Solo and James Bond now.

***P**: Explain to us what some of your biggest concerns are for your property when someone buys it for TV or film treatments. How do you relay those concerns? What's the nature of those conversations? How do you go about saying what you do and don't want to happen?*

MM: I think I can figure people out reasonably well, and the trick for me is just to choose people I like and respect. Again, it's so simple and it's not fool-proof. Nobody sets out to make a bad movie. People always have the best of intentions. But before you give the movie rights to something you own to someone, you really need to look at their body of work as opposed to their 'hotness' within the Hollywood system. So many terrible directors have been offered to me on the promise that the buzz around their upcoming movie is incredible, but the work is all you need to know. If someone has done three movies you don't like, there's an excellent chance you're not going to like their adaptation of your book. So you have to kill it. Creator-owned means you can say no and protect your work, which is wonderful. It's not like the bad old days when a corporation took your characters and made that decision for you. I get to know people well before I commit to anything and, like comic artists, tend to keep a fairly tight group of people around me. I'd rather something *didn't* happen than happen *badly*.

KICK-ASS 2

P: *There have been some editorials written that movies about costumed characters will diminish the importance (and demand) for high-profile actors and actresses. The thought is that the on-screen character is what matters to the audience, and not the stage name of the person who puts on the mask. Would you agree or disagree with this point of view?*

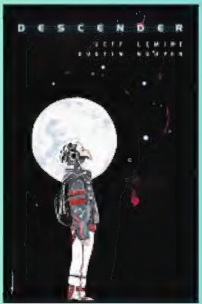
MM: I think it's mainly down to the versatility of the actor really... their range. I mean, Taron Egerton came from nowhere and blew us all away as Eggsy in *Kingsman*. Does this mean he'll be typecast in that role? Not a chance. He's a brilliant, charismatic actor. It's been a problem for some superhero actors in the past because that face is suddenly on posters and toys and video games and so on. We're just deafened by them for a few years. But even then I think the more versatile actors transcend it. Conversely, a superhero movie can be the most incredible shot in the arm for many careers. Chris Hemsworth often talks about how amazing *Thor* has been for him and he's now a bona fide Hollywood leading man. Chris Pratt is literally at the top of everyone's list when a hot script is going around town. One comic-book movie did that and people just love him. It's terrific. I think *Ant-Man* is going to be exactly the same for Paul Rudd. People have liked him for 20 years. He's got charisma, men and women both like him in movies, he's just got a warmth, but *Ant-Man* is going to push him through the roof! Hugh Jackman is exactly the same. The second he turned around in that cage in the first *X-Men* movie I was sold. I've seen probably everything he's ever done since because I love him in those movies.

INTERVIEW WITH DUSTIN NGUYEN

PREVIEWS: *Over the past couple of years, comics seem to be the new gold rush for Hollywood. What do you think it is about the comic book medium that has so many people running in the same direction? And why now?*

Dustin Nguyen: Not to brag, but the comic industry is simply awesome. The majority of the books are pure, unfiltered, coming directly from the minds and talents of a very few cooks in the kitchen; untainted by the hands of anyone not on the creative end. That's what makes comics what they are. I'm sure it's been going on for a while now, but maybe folks are finally realizing that there's more here than just silly juvenile pleasure. We're as serious at telling stories as any other medium. So there's my completely biased opinion.

P: *When you sit down to write a comic, do you ever think to plot the story using a more concrete visual presentation? Meaning, more of a concentration on storyboarding for a keener focus on scenery, pacing, or plot device. Such an approach from the start would make the story more palatable to a screen adaptation, correct? Or do you think such an approach hamstrings your creativity from the beginning?*



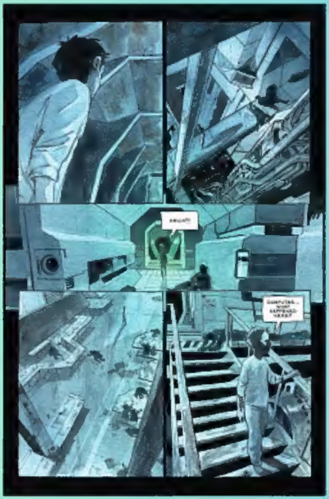
DN: I'd say from a comic creator's point of view, or I suppose just from an artist's standpoint, I like to just make a really good book. The minute I feel like I'm using comics as a stepping stone to another medium is where everything can get diluted and fall apart very easily. Every medium has its own strengths and weaknesses, and I think to play to something you're not that familiar with or particularly strong in, you'll cheapen your product and it'll be very clear. Then no one wins.

P: *If a comic is to be attractive for a screen adaptation (big or small), what elements about a story do you think producers find most attractive? In your opinion, what "sells" a comic the most for a screen adaptation? Or is this question impossible to answer because it depends on an individual's taste, or gut instinct? Or does it depend more on "what's hot in the market"?*

DN: It's hard to say... probably it's a bit of everything — current trends, a studio/producer's taste, and or even just pure hype. I think in the end, solid characters that can transcend the story/world they are placed in will always grabs the attention of the audience, and hopefully the producers first.

P: *Explain to us what some of your biggest concerns are for your property when someone buys it for TV or film treatments. How do you relay those concerns? What's the nature of those conversations? How do you go about saying what you do and don't want to happen?*

DN: This is super-tough. *Descender* is our first property out in the motion picture wild, so I've yet to make the mistakes that would let me act as cautious as some friends who have. I guess you can ask me in a few years when I'm bitter and jaded!



P: *There have been some editorials written that movies about costumed characters will diminish the importance (and demand) for high-profile actors and actresses. The thought is that the on-screen character is what matters to the audience, and not the stage name of the person who puts on the mask. Would you agree or disagree with this point of view?*

DN: I can't say that I have a real opinion on that, I just want to see great people perform well in great roles. Although, I sometimes feel that high profile actors and actresses, could just as equally diminish the importance and believability of certain costumed characters we know and love. So there's that argument also...
